

# Bullseye Collage og mangefargede glass COE 90

## Bullseye Collage og mangefargede glass 210-13

Glass med det lille ekstra! Stringers, confetti og frits er smeltet inn i glasset og gir tilfeldige mønstre. Mange spreke fargekombinasjoner, men også fine i kombinasjon med ensfarget glass. Glassene på de følgende sidene har alle en ekspansjonskoeffisient på COE 90.

Leveres kun i 3 mm. Standard arkstørrelse er 51 x 89 cm.

Ved bestilling oppgi best.nr.:  
8603.001. + fargekode + -00F
